In the foregoing list I am offering my list of glads for 1932. In spite of the driest growing season I have ever known, the most of my glads are the finest I have ever grown. I have never had any disease in them and consider them all healthy stock. Large sizes are $1\frac{1}{4}$ inch or greater, medium $\frac{3}{4}$ inch or larger and small bulbs under $\frac{3}{4}$ inch. Any bulbs that are not satisfactory when received may be returned and I will rectify the trouble. All bulbs are guaranteed true to name and should any mixtures occur in named varieties I will gladly rectify the mistake if you will only report it. All orders of \$1.00 or more sent prepaid.

Mixed Glads* I will furnish mixed glads in large blooming size at 25¢-35¢ or 50¢ per dozen; \$1.50 - \$2.50 or \$3.50 per hundred, according to the quality of glads desired. The 50¢ mixture is made up from glads of named varieties selling at 5¢ or better.

1. The first part of the document is a letter from the Secretary of the State to the President, dated January 1, 1892. It contains a report on the progress of the work of the Department of State during the year 1891.
